THE South-Carolina Gazette.

Containing the freſheſt Advices Foreign and Domeſtick.

From Saturday, JANUARY 31. to Saturday, FEBRUAY 7. 1735-6.

Hague, Nov. 18. *N. S.*

LEtters from the Rhine adviſe, that the Troops on both Sides were marching into Winter Quarters, purſuant to the Agreement for a Ceſſation of Hoſtilities. Twenty-four Battalions, and twenty eight Squadrons, of the Imperialiſts commanded by Count Seckendorff, are coming to quarter in the Auſtrian Netherlands: Thirty-nine Squadrons of Horſe and eleven of Huſſars, are to quarter in the Country of Liege; and in the Countries of Cologne, Bergue and Juliers, thirteen Battalions and twenty four Squadrons are to be quartered. The States of the Province of Holland are ſtill ſitting, and this Day came to a Reſolution to raiſe ſome Millions for the preſent publick Service, by way of a Lottery, and of Annuities for Life, the Scheme of which will ſhortly be publiſhed.

Lizbon, Oct. 18. N S. The Crew of a Veſſel arrived here lately from Africa, reports, that the States General of the United Provinces, having received divers Inſults from the Corſairs of Sallee and Tangier, their High Mightineſſes had ſent a Squadron of Men of War into the Mediterranean, to oblige them to a ſuitable Satisfaction; and that mean while, the Ports of thoſe two Cities were blocked up ſo cloſe, that no Veſſel can go in or out of them.

Leghorn, Nov 5. N.S. Divers Veſſels, having on board ſome Spaniſh Cuiraſſiers, are ſailed for Spain; tney are to be remounted there, and 'tis hoped will return no more into Italy, an Accommodation between the Emperor and that Crown being like to follow ſoon that with France. On Sunday laſt an Engliſh Veſſel arrived here in 15 Days from Tunis, with Advice, that the Dey lately depoſed had taken the Field again, at the Head of numerous Troops, to come and attack the new Dey, who is under the greater Embarraſſment, having ſent home the Algerines, and not daring to truſt too much to the Inhabitants of that City, on account of his having impoſed too many Taxes upon them.

Verona, Nov. 11. N.S. The Count de Khevenhuller, the commanding General of the Imperial Troops in Italy, has acquainted the Count de Schulembourg, who commands thoſe of the Republick of Venice, with the Orders ſent him by the Emperor not to commit any Hoſtilities longer againſt the French Troops; The Imperial Huſſars have alſo ceaſed their Incurſions againſt the ſaid Troops, but continue them againſt thoſe of Spain; they were ſome Days ago engaged with the latter, and it is aſſured got the better of them; the Emperor's Troops approach nearer and nearer the Adige, they have already paſſed the Cologneſe, and Part of the Vicentine. The Court of France, order'd to pay off the Notes given for the Payment of Hay, Straw, and Wood, that the French were furniſhed with in the Venetian Territories.

LONDON, Nov. 18

They write from the Hague, that on Saturday the 8th Inſt. the Marquis de Fenelon, Ambaſſador of France to the States-General, notify'd to their High Mightineſſes, on the Part of the King his Maſter, that the Preliminaries of a Peace between his moſt Chriſtian Majeſty and the Emperor had been ſign'd at Vienna 'Twas remark'd, that his Excellency made this Notification with a ſort of Coldneſs in his Behaviour, which he had not been us'd to practiſe at the Hague; and 'twas remark'd alſo, that he did not ask a Conference with the States-General Deputies, as uſual in Caſes of the like Importance, but contented himſelf with a ſimple Viſit to the Preſident of the Week, whom he acquainted in few Words, that the Preliminaries were ſettled and ſigned, but never offered a Word as to the Conditions they contain'd. 'Tis ſaid, that the Preſident received the Ambaſſador's Declaration with a very great Indifference, and only told him, that their High Mightineſſes thought they had room to be ſurprized, that after the Steps they had taken for France, a Piece of News of ſuch Importance ſhould be communicated to them by the Emperor before his moſt Chriſtian Majeſty had had the Kindneſs to give them the leaſt Hint of it.

The Letters from Vienna, intirely condemn the Report, that the Preliminaries of Peace were concluded without the Mediation of the King of Great Britain, and ſay, that M. de la Beaume the French Miniſter at the Imperial Court, ſtopped a Month at Hanover, and that the ſaid Preliminaries were there negotiated with the French Miniſter at the Court of his Britannick Majeſty. The Treaty of Peace, may, indeed, meet with ſome Difficulties, but the Suſpenſion of Arms will certainly have its Effect, conſidering the Czarina's Approbation of it is already arrived, and to be ſure her Czarian Majeſty will not oppoſe the Peace, when Staniſlaus is no longer to be King of Poland.

Accoſding to our Advices from *Aix la Chapelle*, it ſeems certain the Congreſs is to be held there, Agents from all Parts being arrived to hire Houſes, and make other Preparations for the Reception of the Miniſters.

Nov. 20. We have Letters from Italy of the 18th Inſt. N.S. which mention, that the two Armies continue quiet, though no Ceſſation has been publiſhed. 'Tis certain the French and Sardinian Troops have received their Orders; but the former being only Auxiliaries, cannot pretend to publiſh a Suſpenſion of Arms, and have no other Part but only to retire, in Caſe they chuſe to avoid Hoſtilities The King of Sardinia is ſaid to wait the Receipt of a Courier from the Court of Madrid, before he ventures on any Steps, and it is believed his Majeſty has very good Reaſons for ſo doing

On the 9th the Imperialiſts made a Motion in three Bodies, which gave ſome conſiderable Alarm, but they ſtopt at Dolo, a Poſt convenient for them to make a deſcent immediately into the Mantuan, in caſe the Spaniards ſtick out

Dublin, Nov 11. We hear that a Man 18 Inches high, covered with ſtrong Hair, but otherwiſe naked, was taken in a Field near Longford, by a Farmer of that Country. The little Gentleman, upon being ſeized, demanded to know why he ſhould be ſtopped or interrupted in purſuing his lawful Occaſions, for that he was travelling to the North, with Intent to paſs over to Scotland. All Intreaties, it ſeems, were not forcible enough to procure him his Liberty,

Liberty, since we hear the Farmer has provided a Box, in order to bring him to Town in. He speaks good Iriſh, and mimicks Engliſh, as it is commonly ſpoken by the Beaux.

They had laſt Week no leſs than two Perſons died in France upwards of 100 Years old. One was a Widow Lady of 112, who had buried 9 Husbands; and the other an Artizan, who marrying when he was 22, kept his Wife but five Days, and never ventured on another.

The Poliſh Diet of Pacification broke up the 8th Inſt. N. S. without being able to ſettle the Election of a Marſhal.

His Imperial Majeſty has lately made Satisfaction to the Elector of Bavaria, for the Damage done him in cutting down his Wood, and making Lines upon the Frontiers of his Territory, in order to leſſen the Number of Grievances his Highneſs had to complain of.
